## Introduction

The following crosswalks map the relationships between each Activity, the corresponding DIBELS® Measure(s), and the newly adopted Florida Sunshine State Standard Benchmark(s). The crosswalks were developed to support teachers in using assessments to drive instruction.

The crosswalks are sorted by:

1. Activity Number and Subcomponent
2. DIBELS® Measure (sorted from more simple to complex measures: LNF, ISF, PSF, NWF, and ORF)
3. Kindergarten Benchmarks
4. First Grade Benchmarks

Note: These crosswalks relate to the K-1 Student Center Activities (revised, 2008) and do not include the previous Sunshine State Standard Grade Level Expectations.
