- Career Object Cards (Activity Master) – *Copy on cardstock, cut apart, and laminate.*

Activity
After teacher introduction, child will sort career cards by playing a category picture card game.
1. Set out 3-5 Career Cards face up in a row on a flat surface. Place the matching Career Object Cards face down in a stack.
2. Child one draws a Career Object Card from the stack, names the picture (e.g., stethoscope), and sets it under the appropriate Career Card (e.g., doctor).
3. Continue until all cards have been placed under the matching career category.
4. Peer evaluation.

Adaptations and Extensions
- Add more Career cards.
- Play “Beat the Clock” and set a timer for 1-3 minutes to complete activity.
- After the cards have been sorted, choose one to act out. Others in the group will guess which career it is.
- Sort two careers; add more as children learn about them in class.
- Use real objects to sort under the Career Cards.
- Read books about careers prior to setting up the activity such as “Career Day” by Anne Rockwell. Include the books with the activity.
