Phonological Awareness

PA4

Rhyme Pocket Pairs

Objective
The child will recognize rhyming words.

Materials
- Rhyme Picture Cards (Activity Master)
- Pocket chart

Activity
After teacher introduces the activity, children match rhyming picture cards on a pocket chart.
1. Place four Rhyme Picture Cards in a row down the pocket chart. Place the Rhyme Picture Cards face down in a stack.
2. Taking turns, child one selects a card from the stack, names the picture (e.g., “ice”), and looks for the rhyming match on the pocket chart.
3. Places it next to the rhyming picture on the pocket chart and names both pictures (e.g., “ice, dice”).
4. Reverse roles and continue until all matches are made.
5. Peer evaluation.

Adaptations and Extensions
- Segment the onset and rime of matching pairs (e.g., /d/ /og/ and /l/ /og/).
- Sort pictures by initial sound.
