

Letter Bag

Objective

The student will match final phonemes to graphemes.

Materials

- ▶ Target final sound objects
- ▶ Non-target final sound objects
- ▶ Bag
Place all objects in the bag.
- ▶ Student sheet (Activity Master P.017.SS)
Write the target sound letter in the upper left hand corner.
- ▶ Pencil

Activity

Students sort, illustrate, and write the final sounds of objects.

1. Place the bag of objects on a flat surface. Provide the student with a student sheet.
2. The student selects one object from the bag, names it, and says its final sound (e.g., “mug, /g/”).
3. Names the target letter, says its sound (e.g., “g, /g/”), and determines if the final sound of the object corresponds.
4. If it matches, illustrates object in target letter column. If it does not match, illustrates object in  column. Writes letter for final sound beside it.
5. Continues until all objects are sorted and illustrated.
6. Teacher evaluation

The student sheet is titled "Letter Bag" and includes a "Name" field, the code "P.017.SS", and the title "Letter Bag". It features a two-column table. The left column has a large lowercase letter 'g' at the top. The right column has a "no" symbol (a circle with a diagonal slash) at the top. Below the 'g' column, there are three rows, each containing a drawing of an object and the letter 'g' to its right: a cow, a mug, and a bag. Below the 'no' column, there is one row containing a drawing of a blue button and the letter 'n' to its right. A yellow pencil is shown pointing to the bag drawing in the 'g' column.

Extensions and Adaptations

- ▶ Use other target final sound objects.
- ▶ Use initial or medial sound objects.
